

Ibuki Information Sheet

Breathe New Energy into your body and your skin - Work towards a healthier Lifestyle

Ibuki Health & Wellness offers a holistic approach to your health, delivering excellence in health care through the practice of integrative medicine to improve your quality of life.

Our Medical Practitioners offer a thorough assessment, providing a lengthy appointment on all first visits.

- This includes a pre-screening with our Practice Nurse so that a urine analysis and zinc test can be performed prior to consultation.
- The initial consultation allows a comprehensive evaluation of your health condition and all fees are structured according to time, complexity and individual needs of the case.
- This consultation provides you with a detailed assessment of your health concerns.
- Follow up consultations may be required for test results, prescriptions and management of your treatment plan.
- Please arrive with a full bladder on your first visit to complete the urine analysis
- Ibuki is not a bulk billing clinic.

Billing:

New Patient Visit: Up to \$450.00

Follow-up Visits: Up to \$250.00

***Please note due to Medicare Regulations some or part of your consultations may not qualify for a rebate**

We look forward to taking care of your health needs.
