- 🌿 Diminishes the appearance of fine lines and wrinkles by plumping the skin
- 🌿 Extra hydration creates a perfect base
- 🌿 Increases skin elasticity
- 🌿 Provides a youthful and dewy glow

APPLICATION

Dispense a small amount of INIKA's Certified Organic Liquid Foundation to the back of the hand.

Using the INIKA Vegan Foundation Brush, start by dabbing a small amount of foundation to the forehead, cheeks, nose, and chin.

A small amount goes a long way when using INIKA's Certified Organic Liquid Foundation. Problem areas can be easily concealed by applying more product for an even and flawless complexion.

Blending the INIKA Certified Organic Liquid Foundation is essential as it provides an airbrushed finish.

Finally blend around your jawline, hairline and ears to avoid leaving distinct lines.

FAST FACTS

- Hides blemishes and dark circles
- Lasting hydration
- Won't crease

APPLICATION

Use the INIKA Vegan Concealing Brush or your fingertips to dab and blend concealer under your eyes, to conceal blemishes or diminish the appearance of redness and pigmentation.

Conceal under the eye by applying product from the inside corner at the bridge of your nose to the opposite corner of your outer lash line.

Simply pat or dab the INIKA Certified Organic Perfection Concealer with the tips of your finger or use the Vegan Concealer Brush in order to blend it well.

Work the INIKA Certified Organic Perfection Concealer up on the inside of your nose if your eyes are deep-set as this area is often neglected by concealer application.

Set the INIKA Certified Organic Perfection Concealer by applying a light dusting of the INIKA Mineral Mattifying Powder.

FAST FACTS

- 🌿 **Completely natural formulation**
- 🌿 **No clumps or flaking**

APPLICATION

Use the brush to coat, lift, separate and add length to lashes.

If you prefer a stronger look, build your mascara up in layers and wiggle the wand in the roots of the lashes through to the tips.

Let it dry between coats.

A handy hint, ensure you don't pump the INIKA Vegan Mascara wand in and out of the container as this can pump air into the mascara and dry it out. Instead, swirl the mascara wand around the inside of the container to really load the brush with product.

INGREDIENTS

Aqua, Glycerin, Acacia Senegal Gum, Glycerin Stearate, Simmondsia Chinensis (Jojoba) Seed Oil, Tapioca Starch, Stearic Acid, Potassium Cetyl Phosphate, Copernicia Cerifera (Carnauba) Wax, Euphorbia Cerifera Cera (Candelilla Wax), Microcrystalline Cellulose, Cellulose Gum, Gluconolactone, Sodium Benzoate, May Contain (+/-) Iron Oxides (CI 77491, CI 77492, CI 77499).

INiKA Loose Mineral Eye Shadow is rich in pigment for vibrant and opulent colour that lasts all day.

FAST FACTS

- Highly pigmented
- Easy to blend
- Vibrant colours
- Matte shades available

APPLICATION

The INiKA Loose Mineral Eye Shadow works well with the one of the following mediums as a base: INiKA Certified Organic Light Reflect Cream, Cream Eye Shadow, Concealer or Eye Pencil.

Using the flat side of the Vegan Shadow Brush, lightly pat INiKA Mineral Eye Shadow onto the lid.

Try to avoid sweeping on eye shadow as this can diminish some of the pigment delivery, you can always add more colour as desired.

Begin by applying a dark INiKA Eye Shadow in the crease of the eye from the inner corner of the eye to the outer corner using the Vegan Defining Angle Brush. After application, blend this line out so that one colour melts into another.

Next apply a mid-tone shade to the centre of the lid, then apply the darkest shade in the crease and outer corner to create depth. Finish by applying a light shade to the brow bone to highlight.

If you make a mistake, organic cotton swabs are perfect for spot correcting smudges or smears around the eye area.

How to achieve a matte eye shadow look:

Combine the Mineral Eye Shadow with a touch of Certified Organic Cream Eye Shadow or Light Reflect Cream, blend well to create a cream matte eye shadow.

- Vegan
- Flawless coverage
- Distributes an even amount of colour

APPLICATION

Dip brush into your INIKA Mineral Powders or sweep across Baked Products. Tap the bottom of the brush to settle product into the bristles, then apply using downward and outward strokes, building coverage as you go.

CARE INSTRUCTIONS

Clean the Kabuki brush twice a month for optimal performance. Use a good quality organic shampoo and wash with warm water.

Once the water runs clear, squeeze out any excess water and lay flat on its side to dry. This allows water to drain out and stops any possible long-term damage to the glue that adheres to the brush fibres.

Pro Vegan Kabuki Brush

Iconic kabuki with smaller handle for precise control in a handy, handbag size protective case

- Blends loose minerals onto the skin for a flawless complexion.
- The density of the brush ensures even coverage.
- Extremely soft and gentle non-irritating bristles.
- Easy to use; the perfect tool for applying your INiKA Loose and Baked Mineral Powders.
- Bristles are made of soft synthetic fibres, meaning they cannot harbour bacteria.
