# Herbal Aktiv Peel®

## What is the Herbal Aktiv Peel®?

Herbal Aktiv Peel® is a plant based corrective treatment that works with the skin's own natural renewal processes of regeneration. It is designed to support & speed up this natural process, visibly improving the appearance of skin.

- » medically proven
- » pure plant based ingredients
- » no synthetic acids or chemicals
- » over 50 years worldwide success
- » suitable for most skin types & conditions

## What will the Herbal Aktiv Peel® do for me?

Herbal Aktiv Peel® works safely & effectively to allow you to achieve "New Skin in 5 Days". Your skin will be noticeably firmer, revitalised & refreshed. With the Herbal Aktiv Peel® you will not have to compromise on safety or cause injury to your skin to achieve long lasting results.

Herbal Aktiv Peel® can treat:

- » Pigmentation
- » Sun Damage
- » Enlarged or blocked pores
- » Congestion
- » Scarring
- » Redness
- » Age Spots
- » Lines & wrinkles

## How many Herbal Aktiv Peel®'s will I need?

It depends on your individual concern. Refresh your appearance or treat severe skin conditions. Your skin therapist will advise you of the correct Herbal Aktiv Peel® protocol.

## How will my skin feel after the Herbal Aktiv Peel®?

After the Herbal Aktiv Peel® your skin will be warm, and if touched there is a slight tingly sensation. It will be visibly firmer & smoother. The specialised home-care products designed to work with the Herbal Aktiv Peel® will be prescribed for you.

## Do I see my skin therapist after my Herbal Aktiv Peel®?

Yes! You will be asked to return to your skin therapist on day 5 to receive your post treatment. Your skin therapist preforms a specialist treatment to remove old skin and reveal your "new skin". You will then receive advice on future treatments & home-care to support your new skin.

## What is in the Herbal Aktiv Peel®?

During the peeling process the herbs will gradually release their natural active substances such as vitamins, minerals, enzymes, anti-oxidants & trace elements into the skin.

Key natural actives include:

- » Spirulina
- » German Chamomile
- » Mallow
- » Marigold
- » Horsetail
- » Sage

## What happens after the Herbal Aktiv Peel®?

After your post treatment on the 5th day, your new skin will appear:

- » visibly improved
- » finer in texture
- » clearer & younger

If required, Herbal Aktiv Peel® treatments can be repeated every four weeks. The regular use of quality skin care products will prolong the results of your Herbal Aktiv Peel®.

Please note: everyone's skin peels differently.

Your skin care specialist will advise how to achieve the best possible result from your Herbal Aktiv Peel®.
